REMARKS

In response to the Official Action of October 6, 2004, Applicants hereby elect Invention II, corresponding to Claims 1-12 and 27-31 drawn to methods. Applicants have canceled Invention I, corresponding to Claims 13-26 drawn to devices. This cancellation is being done without prejudice to the filing of a divisional application for these and/or other claims.

Applicants are not traversing the Restriction Requirement, because Applicants agree that a determination of the unpatentability of Invention II would not necessarily imply the unpatentability of Invention I.

The title has been changed to conform to the cancellation of the claims to Invention I. In view of the above, Applicants respectfully request favorable examination and allowance of Claims 1-12 and 27-31.

Respectfully submitted,
